udaysharma9171@gmail.com

I am a College student with a strong foundation in HTML, CSS, JavaScript, Node.js, and Express.js. Currently pursuing a Bachelor's degree in Computer Science, I am also doing a web development course from Udemy. I have a passion for creating responsive and user-friendly web applications, and I am constantly seeking to expand my knowledge and skills in the field. With a keen eye for detail and a drive for excellence, I strive to deliver high-quality work and exceed expectations. I am enthusiastic about joining a dynamic team where I can contribute my expertise and continue to grow as a web developer.

Professional Info:

I am a college student passionate about web development, seeking opportunities to advance my career in this field. I have honed my skills through various online resources, including YouTube tutorials and Udemy courses moreover I have good command in computer netwroks and DSA too. In my free time, I enjoy playing chess, listening to music, watching web series and movies, and reading books. My dedication to continuous learning and personal growth drives me to excel in web development and contribute effectively to any team.
